Ladies and Gentlemen

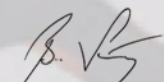

After more than one year of preparation, the 1<sup>st</sup> SWISS TRAUMA & RESUSCITATION DAY is no longer a dream! This wide-ranging trauma meeting will provide a valuable update on the management of injured and critically ill patients. The symposium will feature both cutting edge lectures and interactive panel discussions, with an appropriate balance between evidence-based principles and provocative new approaches to trauma care.

We are pleased to announce *Prof. Demetrios Demetriades*, Director of the Division of Trauma, Emergency Surgery and Surgical Critical Care at the Los Angeles County Medical Center, as distinguished speaker. As an internationally well-known expert in trauma surgery and critical care, he will share some of his vast experience and knowledge with us.
